

ANNOUNCING:

Washington State Office of Equity's Community Advisory Board

Applications go live April 2023.
Visit equity.wa.gov/cab for details!

#WeBelong

OUR GOAL

We seek Washingtonians who want to change the way state government operates to be “of the people, by the people, and for the people” and meet the unique challenges of the 21st century.

OUR APPROACH

Together through relational power (shared power), we will co-create the focus areas of the Office of Equity and shape the actions and outcomes of state government. Eligible community members of the board will receive stipends (2SSB 5793).

WHO WE SEEK

Washingtonians who belong to historically marginalized and excluded communities

WHAT WE WILL DO

The board will identify policy and system barriers in state government and provide recommendations and priorities to the Office of Equity.

WE ENVISION

A pro-equity anti-racist ecosystem where every person in our great state belongs and has access to the resources, power, and opportunities they need to thrive.
